## 多果粒果汁系列

### Juice with Pulp 果香濃郁、吃的到果粒

水果果漿在國內外普遍使用，但近年來，除了水果果汁外，強調看得到、吃得到的風潮愈發風行；但礙於新鮮水果有產季、保存等複雜問題，綠盟除了有自製的各項果汁、糖漿外，也研發了一系列的含果粒果汁、含果粒糖漿，提供餐飲通路更多的選擇。

The trend of focusing on seeing it and eating it is getting popular in recent years. To follow and react to the trend and also overcome the limitations of fruit season and storage, we've developed a series of products containing fruit pulps to provide more choices for foodservice customers.

## 工廠簡介 ————— Our Manufacturing Facilities

為因應合作客戶需求增加，於 2011 年增設 10,000m<sup>2</sup> 全新生產廠房，配備最新最現代濃縮果汁 / 濃糖果漿的生產設備，這是台灣地區最具規模的濃縮果汁與糖漿的生產線，於 2012 年 3 月落成啟用，品管研究室佔有 500m<sup>2</sup>，冀望能研發出多元化的口味，配備各項最先進的檢驗儀器，為滿足全球各地消費者的需求所準備。

此生產線規劃、生產流程及品質控管等設計與管理，暨完成 ISO22000 及 HACCP 的國際品質認證後，更進一步達成了 FSSC22000 食品安全體系認證，是以能滿足世界各地使用者的需求為標準。使產品能因地制宜、客製化生產，並符合當地法規為目標。

In response to the fast growing demands from the customers, we'd invested a plant of 10,000m<sup>2</sup> equipped with the most modern manufacturing facilities in 2011. It has become the largest scale production line of concentrated fruit and flavored syrups in Taiwan since the completion in March 2012. The QC and R&D lab in 500m<sup>2</sup> is equipped with state-of-the-art equipment and instruments for the development of diverse flavors and meeting customer demands all over the world.

The production line design, processing flowchart and quality control management, and the achievement of international quality certificates ISO 22000, HACCP and the following food safety system certificate

FSSC 22000 are all made according to the standards that can meet global customer requirements. We aim to make our products localized, customized and in compliance with local regulations.
